January 2006 - Press Release

Pilot Project with Toronto District School Board a Success

Carma Industries Inc. is pleased to announce the successful completion of their 31 School Pilot Project with the Toronto District School Board.

The objective to initiate a Pilot Project for the design and implementation of a "Computerized Energy Management System" for 31 Toronto District School Board Facilities has been fully embraced by Staff and Students at the associated facilities.

"The Toronto District School Board is embracing energy conservation in our operations through a variety of measures including our education programming, implementing smart metering in 31 schools and designing new schools to meet Leadership in Energy and Environmental Design standards." Shelia Penny, Executive Superintendent Facility Service, Toronto District School Board.

The second stage of the Project is underway to evaluate a select number of Schools that show high relative consumption for both electricity and gas.

October 2005 - Press Release

Carma Opens Sales and Technical Support Offices in Western Canada

Carma Industries Inc. is pleased to announce the opening of Sales and Technical Support Offices in Calgary, Alberta and Vancouver, British Columbia.

In September 2005, Neil Egsgard, Carma's Calgary Meter Service and Sales Representative, branched out from the Toronto Office to provide sales and technical support to new and existing Commercial and Residential Multi-Tenanted Customers.

Neil Egsgard can be contacted at 403-863-5401 or negsgard@carmaindustries.com.

In July 2005, Travis Cooke joined the Carma Team and is heading up the Vancouver, British Columbia initiative. His technical background will be an asset to both technical support and cost effective project costing.

Travis Cooke can be contacted at 604-909-1177 or tcooke@carmaindustries.com.

Both Offices will offer Factory Direct pricing and Technical Support.

Carma currently has submetering systems at Bankers Hall, 5th Avenue and Calgary Place, Alberta and Pacific Centre and Price Waterhouse, British Columbia.
